

RxMind Pharmacy

Specialty Drug Formulary — 2026 Edition

About This Formulary

This formulary lists specialty medications covered by RxMind Pharmacy. Medications are organized by therapeutic category and assigned a tier that determines cost-sharing. All specialty medications require enrollment in RxMind's clinical management program prior to dispensing.

Formulary Tiers

Tier	Description	Typical Copay
Tier 1	Preferred specialty — high clinical value, lowest cost	\$50 – \$100 per fill
Tier 2	Non-preferred specialty — effective alternatives exist	\$150 – \$300 per fill
Tier 3	High-cost specialty — limited alternatives, PA required	\$300 – \$600 per fill
Tier 4	Ultra-specialty — rare disease, prior auth + clinical review	Case by case

Immunology & Biologics
